

ICT MEDIA PRODUCTION

ICT MEDIA PRODUCTION

At Infocomm Technology (Media Production) Club, we aim to nurture our pupils to become well-informed and concerned citizens, who are critical thinkers and able to communicate effectively through media platforms.

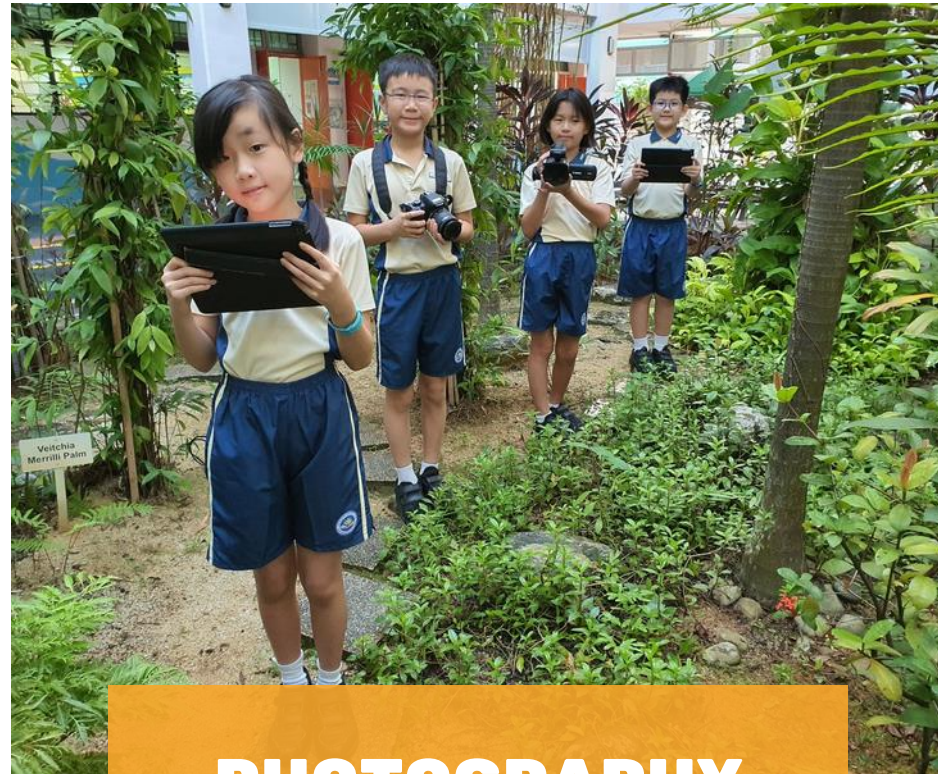

PHOTOGRAPHY & VIDEOGRAPHY

Over a period of 4 years, our members will acquire knowledge and skills of both photojournalism and video-journalism. They take part in hands-on activities and participate in individual/ group projects to create digital products. By teaching students practical techniques of photography and videography, learning is purposeful and our members truly experience the joy of learning.

ABOUT US

WHEN | Wednesdays

TIME | 2.15 pm - 3.45 pm

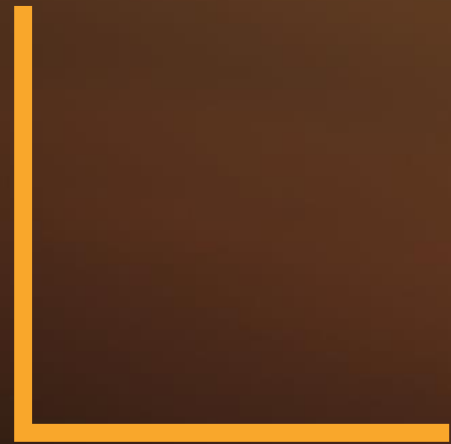

WHERE | Teaching Lab & 5D classroom

TEACHERS I/C | Mrs Carine Ong, Mdm See Swee Tee, Miss Adilah

STUDENTS' WORK

Ayden 4D

This student is looking at sun. The sun looks nice and is nice, imagine if it is a sun set.

Emily 3D

The dew drops are still on a leaf. It must have rained just before. All tiny bugs won't eat the leaf as there is water on it.

Alwin 4D

If I were an ant, I could live here. Imagine scurrying through a patch of moss and leaves and thinking that it was big! If it rained, I could hide in the tree. And also, every day, I would wake up surrounded by food!

Garden-leading lines Kexin 4A

A photograph of a blue volleyball court. A white volleyball net is stretched across the foreground. A blue and white volleyball is suspended in the air in the center of the court. In the background, there is a building with a white facade and red horizontal accents. A blue sign with a white arrow is visible on the left side of the building. The text "and here's what I do in the daily life as a prefect" is overlaid at the bottom of the image in a white, bold, sans-serif font with a black outline.

and here's what I do in the daily life as a prefect
